

11 OCT 2018

Dear Clerk to the Council

I am the new Major Gifts Manager at Cornwall Hospice Care looking after legacies trusts and grants.

I am approaching you to see if your Town Councillors would kindly provide funding for Cornwall Hospice Care from any funds you have available.

As you will be aware Cornwall Hospice Care is the only hospice provider for Adults in Cornwall, in its two hospices, Mount Edgcumbe in St Austell & St Julia's in Hayle. It provides a vital service for all your parishioners.

All of our services are provided free of charge to our patients and their families. The NHS only provide enough funding to cover 71 days of hospice care, leaving us to find the money to continue that care. If we apply this to a normal year, rather than a financial one, if the NHS money came in on the 1st of January, it would run out by the 12th of March! As such, we are heavily reliant upon our generous grants from organisations and individuals.

Please help us care for people with a terminal illness, by making a donation to fund those who provide the caring at Cornwall Hospice Care. Thank you in advance for your time and consideration.

Yours faithfully

Paul Jones
Major Gifts Manager
